Re-registered 55 Practitioners

Issued 2 Newsletters and refreshed our website

We also launched UKPHR new strategy 2024-29

Maintain, develop, and grow our Register

Support and enable the multi-disciplinary public health workforce to maintain professional standards

Promote collaboration across the public health and regulatory sectors to enhance public safety

Invest in our people and systems

We are most proud of:

- Successful PSA Accredited Register annual review
- New online registration portal (ROL)
- First apprentice graduate public health practitioner application
- Training for 66 practitioner assessors and verifiers
- 8 workshops for applicants and mentors under SRbPA route
- New approach to data reporting and to gathering registration insights
- Another successful edition of our Practitioner Conference, under the theme of 'Public health as an inclusive profession'
- Our new EDI Plan and ability to track protected characteristics data through our new system
